We need to save the forest this has to be our goal for
many different species it plays a major role. We want to have some action save
life with our own way this gives us satisfaction we celebrate to day:
Hi and ho - we plant trees for environment and peace.
North and South East and West trees will grow high and low
Hi and ho - we plant trees want to see a lot of green
Grow with them and learn to live in peace and harmony
We have made a chain of trees that runs around the globe we
understand each other as same language we spoke

we have made a difference and shared this special thing Now

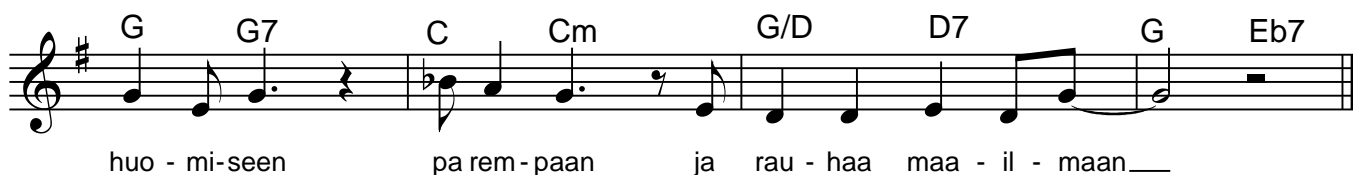

children of the world let's all-together sing: Hip ja hei, pui-ta vaan

tänään pan-naan kas-va-maan Af-rik-kaan, Euroop paan, A-me-rik-kaan,
